

ROCKWELL COLLINS PROVIEW™ SR80

Head Mounted Displays

INTRODUCING THE NEXT GENERATION PROVIEW™

The NEW ProView™ SR80 features full-color SXGA resolution (1280 x 1024) and a wide field of view. The SR80 incorporates Rockwell Collins proprietary optical technology to achieve unparalleled image quality in a highly optimized package. Coupled with the proven ProView™ head mount that receives further enhancements for the SR80, the user is assured of having exceptional comfort during extended periods of operation.

The SR80 consists of two major components - the head mounted display and a separate electronic unit connected with a 5 meter cable.
